

## WHAT IS IT?

Vanpools are groups of 5 to 14 employees who travel to work together. RTC has partnered with Enterprise who supplies the vehicles and covers all insurance and maintenance costs. Riders split the cost of a rolling 30-day lease and gas. To lower participant costs, RTC contributes a minimum of \$400 a month to qualifying vanpools and a Guaranteed Ride Home program in case an employee needs to leave work earlier or later than expected.
